

## Choose your strategies

- Draw a picture
- Make a table or organized list
- Solve with an easier problem
- Work backwards
- Guess, check and revise
- Model it with manipulatives
- Look for a pattern
- Model with an equation

## Write your plan

The strategy we are going to use is \_\_\_\_\_  
because \_\_\_\_\_

First, we will \_\_\_\_\_

Next, we will \_\_\_\_\_

Then, we will \_\_\_\_\_

Last, we will \_\_\_\_\_

I will check my work by \_\_\_\_\_
